

Washington's Natural Resources Conservation Areas (NRCAs)

WASHINGTON STATE DEPARTMENT OF
Natural Resources

▲ Natural Resources Conservation Area (NRCA)

AS OF MARCH 2004

Exceptional Places

Quality examples of Washington's native grasslands, woodlands, marshes and estuaries, and geologic features are protected in NRCAs, managed by the Department of Natural Resources (DNR). These special sites offer opportunities for research, education, and low impact uses where interpretive or recreation trails have been developed.
